Education

2018–2020   **Master**, *ITMO University*, Saint Petersburg.
GPA: 4.75 of 5.0
Department: Information Technologies and Programming: Software Engineering (Machine Learning and Data Analysis group)
Thesis: Development of the dataset for knowledge base question answering evaluation
Advisor: Pavel Braslavski, Senior Researcher at JetBrains Research

2014–2018   **Bachelor**, *Udmurt State University*, Izhevsk.
GPA: 5.0 of 5.0
Department: Mathematics, Information Technologies and Physics: Information Systems and Technologies
Thesis: Development of the style-based method of text plagiarism detection

Experience

2019–present   **Researcher Intern**, *JetBrains Research*, Saint Petersburg.
Developed datasets and approaches to Entity Linking and Knowledge Base Question Answering tasks in Russian

fall 2018   **Data Analyst Intern**, *JetBrains*, Saint Petersburg.
Developed a method of prediction of commit messages in CVS systems

2014–2018   **Coach**, Izhevsk.
Trained Izhevsk maths team for olympiads

Teaching

spring 2020   **Knowledge Representation and Applications course**, *Higher School of Economics*, Saint Petersburg.
Prepared assignments

fall 2019   **Information Retrieval course**, *Higher School of Economics*, Saint Petersburg.
Prepared and reviewed assignments, conducted seminars

Publications

2020   **RuBQ: A Russian Dataset for Question Answering over Wikidata**, *Vladislav Korablinov and Pavel Braslavski*.
https://arxiv.org/abs/2005.10659
Also submitted to International Semantic Web Conference 2020

Projects

2019	**DiaryWhoCares - a diary with entry-oriented movie recommendation system**, *ITMO University*, hackathon project.
2018	**TextTestSolver - a tool for automatically solving tests**, *ITMO University*, hackathon project.
2016	**Development of a knowledge base with Prolog**, *Udmurt State University*.

Olympiad and contest experience

2019	**Yandex Championship on Data Analysis**, online.
	1st place
2019	**ICPC NERC Northwestern Russia Regional**, Saint Petersburg.
	3rd degree diploma
2016, 2017	**All-Russian olympiad in mathematics for technical area students**, Yoshkar-Ola.
	1st place, gold medal
2016, 2017	**ACM-ICPC NEERC**, Saint Petersburg.
	3rd degree diploma
2015, 2017	**ACM-ICPC NEERC Ural Subregional**, Ekaterinburg.
	2nd degree diploma
2017	**Open International Internet Olympiad in informatics**, Yoshkar-Ola.
	1st degree diploma
2016	**Open International Internet Olympiad in informatics**, Yoshkar-Ola.
	2nd degree diploma
2014, 2016	**ACM-ICPC NEERC Ural Subregional**, Ekaterinburg.
	3rd degree diploma
2014, 2015	**ACM-ICPC NEERC**, Saint Petersburg.
	Participant

Programming languages and technologies

Experienced	Python 3 + jupyter
Middle	C, C++, Java
Basic	bash, SQL, Haskell, Prolog, R

Main interests

Computer Science	Knowledge representation, Natural language understanding, Information retrieval
Mathematics	Discrete mathematics
Data analysis	Statistical learning

Languages

| Russian | native speaker |
| English | upper intermediate |
